Career Objective

A highly motivated and passionate Software Engineer with expertise in PHP, MySQL, and modern web technologies. Seeking a challenging role in a software house where I can contribute my skills in full stack web development and grow as a professional.

Technical Skills

- Frontend: HTML, CSS, JavaScript, Bootstrap
- Backend: PHP (Core & MySQL)
- Database: MySQL
- Tools: Git, VS Code
- Other: Responsive Web Design, CRUD Applications

Projects

1. TasteConnect

-Digital food marketplace that connects customers with local restaurants and food providers through a user-friendly online platform

2. Message Board System

- PHP + MySQL based message board with login-protected posting and dynamic messages.

3.To-Do List

-web app using HTML, CSS, and JavaScript with task add, delete, and checkbox-based completion (line-through) features.

Education

- Matric: Govt comprehensive School, Sahiwal – (2019)
- F.SC:Govt Post Graduate College , Sahiwal – (2021)
- BS Software Engineering – 3.3/4.0 (8th Semester)

Experience / Freelancing

- Completed freelance PHP-MySQL projects (Login system, Message board, E-commerce store).
- Earned first project payment (4000 PKR) from a client for web development.
